# Restaurants Designs

**Our restaurants' interior design team  
uses their expert knowledge of the  
hospitality sector to deliver the best  
brand experience.**

## Piatto

Modernized Tuscan is the prevailing feature of interior design For the Italian dining restaurant. The open green area and splashing fountains let you taste a beautiful natural design before your meal.

## Steak House

With hard texture wood ,deemed lighting and leather sofas & chairs.

The deign overall says that you are in an upscale butcher place. These touches give it a different feel.

## Fire Grill

In our design we considered the Atmosphere and Ambiance of Mexican restaurant where you find vibrant, delicious, fresh and fun.

Spirit of Competition between real rough materials and shiny surface of the restaurant interior design let the guest feel an industrial theme far away from the ordinary restaurant themes to get a different taste.

## Burgerizzr

A refreshing athletic atmosphere that reflects the freshness of their finest beef. Using powerful colors describes simple, trendy and cozy interior design concept for the restaurant.

# Shiso

It's spacious asian design that makes  
a different wonderful burger experience.  
Our design makes it more than just about the food.

## TSC Signature

Enjoy your meal in a cozy environment where the shiny yellow color in a mixture between rustic and modern styles with elegant lines, fresh & tasty Interior Design .

## City Fresh Kitchen

It is grab and go restaurant suits all employees and workers. With a unique design that combines the Freshness and the simplicity with the natural woody look Practicality dominates the sight and hence convey that simple touching message “fresh tasty food on way”.

## Alfa Food Hub

The Food Hub is a small strip of innovative dining space houses 3 reputable restaurants brand of Alfa Co. “Playing a great part in each guest’s dining experience is the ambiance” said by Alfa CEO.

## Diet Center

When it comes to wellness focused interior design there are wise factors we considered. designing Diet Center to reflect the purpose of the place. A way of Simplification with a straight lines and light materials were the concept we used in our design.

The Healthy Side Of Life

## Al's Restaurant

We've designed Al's Restaurant to draw the way to feel the place with an elegant, colorful & fresh design because the healthy meal starts with your eyes.

## Steak House Burger

Casual restaurant with a colorful design attracts the burger lovers. Graffiti art used for walls design and the industrial mood, colorful design make the guests go through an adventure while having their burger Everything is designed well to fit the passion of the place visitors.

## Hubstones

Fresh and original ideas with colors harmony for an outstanding design that works to achieve and value the vision of the restaurant business.

## Chim Choc

The layout and decoration suits the nature of the female guests by using pink and rose colors to create a special atmosphere and fabulous coffee shop interiors.

## Hot & Blue

Hot and Blue Chill-out Lounge is a modern, casual Latino food chill-out lounge in Riyadh with a fusion touch. It has been designed to welcome the community in a sophisticated twist of stylish modern surroundings and informal eating and drinking experiences.
